Volunteer Spotlight: Melinda Martin

Melinda Martin is the kind of volunteer you can always count on. She is the kind that drops everything and runs Downtown to pitch in.

Melinda often helps with Design Committee projects like the Downtown Clean Ups and on Earth Day.

Last fall, she volunteered to install the Street Tree Lights on blocks and blocks of Downtown to make the holidays bright. She even helps install the Downtown Flags when The Scouts are in school.

Thank you, Melinda, for always standing ready to help when we need a hand.

DOWNTOWN ALBANY

September 2023

New Stage Takes Shape at Monteith Riverpark

It's exciting to see the progress at Monteith Riverpark. In late August, there was dramatic visual progress with the construction of the stage. Finishing touches on the stage, including paint and woodwork, are still to come.

Construction is set to be completed in this area of the project in early 2024.

The Monteith Riverpark improvements are part of an overall waterfront project, guided by years of public input and funded through CARA and other grants.

"The new waterfront corridor along with the work of CARA and other organizations like the ADA is creating one of the best downtowns in the state. When complete, the new park and plaza will be major downtown anchors, better connecting the community to the river and adding more vibrancy downtown," shared Sophie Adams, Economic Development Manager.

For details on the Albany Waterfront project, visit www.albanywaterfront.net.
